About Gingerlily ([www.gingerlily.co.uk](http://www.gingerlily.co.uk)):

Gingerlily, designers of exquisite silk filled duvets, bedding and accessories for the ultimate night's sleep. Made from only the finest 'A' grade mulberry silk and designed in-house, Gingerlily products can help you to create the ultimate glamorous bedroom – a haven in which to retreat and be cocooned from the outside world.

Silk has many other health and beauty benefits. It is a naturally hypoallergenic fibre. The main cause of allergies is dust mites. Silk, however, is resistant to dust mites making it ideal for allergy sufferers.

As well as helping relieve allergy sufferers, silk has been recognised for its soothing properties and its ability to help prevent and aid the recovery of skin irritations, poor circulation, arthritis, asthma and night sweats.

Gingerlily's stunning range includes bed linen, bedding, cushions and nightwear as well as a range of bedding and accessories for children. These beautiful designs will not only transform your bedroom into a luxurious sanctuary but gives you the ultimate night's health and beauty sleep every night.
