

# Food festival adds flavour to Caerphilly!

Submitted by: Visit Wales

Tuesday, 22 May 2012

---

Caerphilly Town Centre will host its first Food Festival on 26th May, offering delicious smells, sizzling sounds at food stalls through the town, and a feast of entertainment for all ages, making a great family day out (<http://www.visitwales.co.uk>).

Caerphilly (<http://www.visitwales.co.uk/server.php?show=nav.10302>) town centre will be closed to traffic for the day as the bustling food market lines the streets with tantalising treats for the tongue available from a variety of stalls. Be sure to keep your eyes peeled for the skating tomato and the mad chefs!

Foodies on a family day out (<http://www.visitwales.co.uk>) will be in their element as cookery demonstrations accompany the festival, offering inside information on how produce is made and how to improve your own culinary skills. The Visit Caerphilly Centre will be host to the feature cookery programme, packed with chefs and producers presenting their creative cuisine.

There will also be opportunity for audience participation! With German cake creation, cheese and butter making, cake decorating, cake pops, and chocolate tempering to name just a few of the activities to take place during the day.

As the excitement of the Olympic Torch Relay coming to Caerphilly climaxes, and the annual Flower Festival brightens up local venues, the town is set to be a unique and colourful place to visit on 26th May.

There will be an abundance of attractions for visitors of all ages to see with fun activities and entertainment enhancing our streets, bringing fantastic colour and excitement to Caerphilly.
