---

(United Kingdom – 28th June 2012) Following the success of the Spring On Trend guide, Terrys Fabrics has launched its Summer Living Guide which informs homeowners on the latest trends for summer and how to achieve them in the home for less.

Terrys Fabrics is renowned in the industry for its expert advice on decorating the home according to the latest trends. For spring 2012, the fabric specialists put an On Trend guide in place online at [TerrysFabrics.co.uk](http://TerrysFabrics.co.uk) which outlined trends for the season.

With summer upon the nation, Terrys Fabrics has launched its Summer Living guide which tells homeowners how to transform their homes for less. Whilst British Summertime may not be the sunniest, people are always looking to escape to warmer climates. This season, Terrys Fabrics offers homeowners tips on how to bring the sun and great outdoors into the home with home decor.

Introduce a fresh look to the home with the addition of colour, style and fabrics to accessorise rooms in the home. This season, bright colours like orange, red and yellow are bang on-trend. Match with cool blues and whites to ensure colour stands out to get the attention it deserves.

Choosing a summer theme is a great way for homeowners to introduce summer into their homes. Nautical, seaside and woodland themes have always proven popular whilst many take inspiration from flowers and leaves.

Terrys Fabrics has plenty of advice on how to achieve a summer trend for less. Visit the site to find out more about summer 2012 trends and to browse the wide range of products including curtains, cushions and bedding.
