UK based cheap calls (<http://www.justcall.co.uk/>) provider JustCall.co.uk are reaching out to all football fans in light of the current Euro 2012 Football Championship - providing cheap international calls to any country worldwide from any UK landline or mobile phone. Connecting those watching at home to those in the heart of the action in Poland and Ukraine.

Keeping in touch with friends and family who are at the Euro's could never be easier and cheaper, with JustCall.co.uk offering over 300 access codes that allow UK consumers and businesses alike to make cheap international calls at a heavily discounted rate from any UK landline or mobile phone. Especially with Ukraine not being part of the EU and therefore not included within the recent EU roaming regulations that reduced mobile roaming costs. It's still as vital as ever to avoid being caught out and to refrain from calling others and using a lot of data whilst abroad, therefore consider getting others who can access cheaper alternatives back home in the UK to contact you.

A spokesperson from JustCall has commented, stating why fans should be careful whilst abroad:

“UK mobile phones are not protected by price caps outside the European Union, which can result in a big surprise on your return home – so remember to be careful when making calls and using data whilst travelling throughout Ukraine and the rest of the EU, even if the price to call and text has been reduced the charges are still much greater than back home.”

Access numbers provided by JustCall.co.uk allow for cheap calls to Poland (<http://www.justcall.co.uk/en/cheap-calls/to/poland/>) starting from as little as 1p per minute from any UK landline or mobile phone. Cheap calls to Ukraine cost 7p per minute from any UK landline and 11p per minute from a UK mobile phone. It's vital to remember that these discounted calls can only be accessed when calling from the UK and not any other country around the world.

The spokesperson continues, “using our access codes could not be simpler and features no hidden costs or subscription. The tournament runs for just under a month and we are proud to provide calls that can help reduce the distance between friends and family who are visiting the host cities throughout this period.”
