

Industrial Chic - Vi-Spring Introduces a New Design - The Coronet

Submitted by: Thinc PR (JBA Public Relations)

Wednesday, 4 July 2012

British bespoke bed-maker, Vi-Spring, has introduced a contemporary new design to its collection of the finest, handmade beds; The Coronet with Prestige Divan.

The chic, simplistic headboard design and shallow divan features chrome legs and can be upholstered in a fabric of the customer's choice from Vi-Spring's luxurious collection. Seen here, both headboard and divan are expertly covered in a geometric monochrome fabric; hexagon black and white for an on-trend look in the bedroom. Partner with bedding in complimentary shades of dramatic midnight blue and cool, crisp white.

The Coronet is handmade in Vi-Spring's Devon factory by master craftsman, generously hand-filled using a mix of the best natural materials; Platinum Certified pure British fleece wool and soft cotton, for comfort, breathability and bounce. For the ultimate night's sleep, each mattress is available in a range of tensions from soft to extra firm and covered in a fine Belgian satin fabric. For a truly bespoke service, choose a different level of support for each side to suit individual's exact requirements.

About Vi-Spring:

Vi-Spring believes that sleeping on the right bed can be a truly life-changing experience. All Vi-Spring mattresses are handmade to order in the company's workshops in Devon. It's an uncompromising approach, but because sleep is such a deeply personal part of life, it's really the only way to ensure that every bed is not only supremely comfortable, but also fits its owner like a glove.

Founded in 1901, Vi-Spring was the first bed maker to produce an interior sprung mattress using a system of individually pocketed springs that changed the way beds were made.

Vi-Spring has never wavered from its original philosophy of using the best craftsmanship and quality materials to produce the finest beds in the world, and this is why Vi-Spring beds have been the only choice for anyone who demands the best for over one hundred years.
