Ben Wa Balls Good,  
KEGEL8 SMARTBALLS EVEN BETTER!

Any woman who has read THAT best selling trilogy, and thousands of us have, will be more than a little curious about the effects of using the special weighted balls that it mentions.

Well now we can all see what the fuss is about because Kegel8, the UK's No 1 retailer for pelvic floor toners, has launched Kegel 8 SMART BALLS for smart girls who want to find out for themselves.

Used regularly Kegel 8's SMART BALLS can do more for your sex life in 20 minutes a day than reading a raunchy book! The lilac, medical grade silicone Smart Balls are inserted into the vagina where they stimulate, massage and provide targeted training for pelvic floor muscles. The two balls are weighted which means they naturally oscillate to give a vibrating effect that causes a natural reflex of the muscles. This natural reflex helps to tone and strengthen the muscles of the pelvic floor.

When your vaginal muscles and pelvic floor are well toned it adds to the sexual pleasure of both you and your partner and there's another benefit to be had -- no more laughter leaks!

These clever little balls from Kegel8 have a silicone withdrawal string means they are quick and easy to remove, while the smooth surface ensures they are easy to clean -- just wash with water.

They are available on-line from [www.kegel8.co.uk](http://www.kegel8.co.uk) or [www.amazon.co.uk](http://www.amazon.co.uk) for £29.99 and if you have the balls you can forget the books!
