The Shropshire Printer (<http://www.graphicsandprint.com>), Graphics and Print, have announced that they will be running a Fantasy Football League competition for anyone who wishes to participate, for the Barclays Premiership season 2012/13. The league won't cost participants anything to enter and all those who take part, stand the chance to win up to a total of £300 for themselves plus £500 to donate to the charity of their choice. A total combined £1000 in prize money is up for grabs with the inclusion of some runner-up prizes!

Managing Director Martin Kells explains: "We are all football mad at Graphics and Print so are eagerly awaiting the start of the new Barclays Premier League season as I'm sure many others are. We also like to have fun with our customers and colleagues and at the same time help provide for the community we serve, so we've come up with the idea of running a fantasy football league competition for the whole of next season, whereby participants can enter for free, stand the chance of winning some money and most importantly, have the opportunity to win money for the charity of their choice on a monthly basis. Sadly, my own team Wolves won't be there this year but I'm hoping they will bounce straight back and who knows, we might be able to run the competition again next year with the Wolves being a part of it! Regardless of Wolves not being in the top flight, this is a great opportunity to raise some money for charity and have fun. We have a strong commitment to the communities in which we operate, and we are one of the few print companies to make a commitment that every one of our employees will spend a minimum of two days per year, during work time, supporting disadvantaged people in having a better life. This fantasy league is just another opportunity for us to demonstrate how much we care for our community."

The Fantasy League is open to anyone whether they are customers, colleagues, friends or associates of Graphics and Print and there is no age restriction. The league operates as follows; each week, Graphics and Print, will publish the forthcoming weekly fixtures for the Barclays Premier League. Participants will send an email predicting a Home win, an Away win or a Draw. If you predict a game correctly, participants score one point. The individual who has the highest number of points at the end of each month (points are calculated on a cumulative basis so build month on month), wins £25 for themselves and £25 for the charity of their choice. The league will continue to run month on month for the nine 9 months of the football season however instead of winning £25 on the 19th May when the season ends, the overall winner for the entire season will win £100 for themselves and £300 for the charity of their choice. The individuals who finish second and third overall will each receive £50 for themselves and £50 to donate to the charity of their choice, making a grand total of £1000 up for grabs!
