

20% off Brochure Printing from Award Winning Shropshire Printers

Submitted by: Graphics and Print

Wednesday, 25 July 2012

Graphics and Print, the Shropshire printers are offering 20% off on all brochure printing (<http://www.graphicsandprint.com/products/brochures>) for two weeks only, from the 23rd July - 3rd August. This is a great offer when you consider that the Telford based commercial printers are award winning printers for their brochure print.

Managing Director, Martin Kells, is extremely proud to be an award winning brochure printer and loves to bring customers value for money: "It's not every day that a firm who are award winners in a particular field offer a discount like 20%. We proved the quality of our work beating off competition from over 2000 commercial printers to win the McNaughton Review Print Award for Brochures, so it's great to be able to offer customers a discount knowing there will be no reduction in the quality of the product they receive. We constantly seek to bring value for money to our customers so a 20% discount on top of an already very competitive price, is a great offer which customers shouldn't miss out on. But the offer does only last for two weeks so please get your orders in quickly to avoid disappointment."

The offer being made by the Shropshire printers is subject to a maximum discount of up to £500 per customer and includes orders for either the brochure print on its own or design and print. Graphics and Print have been supporting customers to not only print brochures but also design them as well for over 30 years and with award winning designers' within the Graphics and Print design studio, you are in safe hands. Earlier this year, one of the Graphics and Print designers won an award, beating competition from hundreds of designers from around the world, to design the Liverpool FC Twitter page. Graphics and Print has a great mix of designers, some with vast experience of the design and print industry and others who are new to print but who bring fresh, modern and creative ideas. The combination means that they can provide the best of both worlds in terms of creative design for their customers.

Having an in-house design studio is something else which Graphics and Print are very proud of. The whole end to end print process from design through to print, finishing and despatch, all takes place under one roof, meaning that the Shropshire printers (<http://www.graphicsandprint.com>) can stay close to quality controls from start to finish – just one of the many reasons why they are an award winning brochure printer.

--END--

Graphics and Print have successfully traded for over 30 years providing printing services to a customer base ranging from multi-national companies to sole traders, offering quality, value and flexibility at every stage of the print journey.
