- Android and iOS users receive free games everyday up to Halloween
- The best Halloween themed apps as recommended by MagicSolver
- Countdown starts on 19th October with the first of 13 spooky apps

London, England. The countdown to the year's most ghoulish holiday, Halloween, has begun. MagicSolver's Halloween - 13 Trick or Treats app lets Android and iOS users celebrate the haunted holiday early by recommending the best and most chilling paid for Halloween-themed games – for free.

Kicking off on 19th October, a new free game is delivered through the app everyday until Halloween. And users shouldn't worry if they miss a day because they can still download previously recommended apps for free.

MagicSolver, the company behind the hugely successful FreeAppMagic, has assembled an expert editorial team to search the app stores to find the best and most chilling games available, so Android and iOS fans don't have to. The team vets every app to ensure that the best of Android and iOS are recommended.

To get into the 'spirit' of Halloween, the app contains spine-chilling animations, hair-raising graphics and creepy sound effects. If a user loves the app he or she can also share it with their friends and family via social networks or email.

Emmanuel Carraud, CEO of MagicSolver says, "Why wait until 31st October to celebrate Halloween when can start having fun two weeks before. Our Halloween app brings a great surprise everyday and each game our expert editorial team recommends is top quality. We do the leg work finding these games so Android and iOS user can sit back and enjoy the spoils for free."

Halloween – 13 Trick or Treats is free to download from Apple iTunes App Store [here](http://itunes.apple.com/app/halloween-13-spooky-apps/id352827048?affId=1762518&mt=8)

(<http://itunes.apple.com/app/halloween-13-spooky-apps/id352827048?affId=1762518&mt=8>) and Google Play [here](https://play.google.com/store/apps/details?id=com.magicsolver.halloween&feature=search_result#?t=W251bGwsMSwyLDEs)
