Wednesday, 24 October 2012

King Jackpot is a major bingo site in the UK known for its innovative and exciting promotional offers such as no deposit bingo (http://www.kingjackpot.co.uk). To deliver more value to online bingo players and to encourage more registrations, the site has launched some latest offers.

New players who register at the site automatically become eligible to receive £20 in free money. The money will be given in Bonus Bucks and can
only be used to play. No withdrawal is allowed at this juncture. Players don't have to provide any credit card details or deposit any money to get
this amount. The £20 can be used to play bingo/slots prior to registration. After the first deposit BBs can be used to play only bingo.

If a player wins money with these BBs, the amount will be added to existing BBs. After the initial deposit, winnings made from BBs will add to the
player's cash balance. One household is permitted to hold only one account, unless requested otherwise.

The second offer is applicable to the initial deposit made by a player. King Jackpot online bingo (http://www.kingjackpot.co.uk/articles/online-bingo) will match a
player's first deposit by up to 300%. The minimum deposit to avail of this offer is £10. The upper limit on this offer has been capped at 300 BBs. The BBs cannot be withdrawn. They can be used to play bingo only.

Winnings made from the BBs will be added to the player's 'cash balance'. The BBs can be used only after a player has played down his or her cash balance.
Players accepting this bonus are required to meet wagering requiring before withdrawing winnings. If they don't want to accept wagering requirements then they have to select 'no' when they make deposits on the deposit screen. These players will not receive the bonus. Wagering requirements can be found
on the site under 'bonus offers'.

Depending on their levels, players are further eligible for reload bonuses. Promotion codes on deposits can also be claimed. But bonus bucks and cash balance should be lesser than £5 in each case.

King Jackpot also runs regular tourneys and competitions such as POT O' GOLD and Rainbow Connection.

About King Jackpot

King Jackpot is a well-known online bingo room that accepts members from the UK, and a few countries in Europe and Asia. The online bingo site is popular for the bingo games and jackpots that it offers, and the lucrative bonus incentives that it gives to its new and old members. The gaming software of the site is developed by LeapFrog Media and the site is certified as safe and secure. King Jackpot also has the VeriSign seal of trust. Players can preview the slots, bingo and casino games before they get into a live game, all at http://www.kingjackpot.co.uk
