

DESIGN YOUR OWN LIQUEUR: Alchemist Dreams completely custom liqueurs make unique gifts with a personal touch this Christmas

Submitted by: Alchemist Dreams

Thursday, 1 November 2012

Alchemist Dreams make all their liqueurs by hand from organic spirit so that you can have whatever flavour you desire. Design your own signature flavour and give it to everyone you know, or tailor every bottle to suit the recipient. Each bottle is finished with a red ribbon and a hand printed label with your message.

With prices starting from just £15, there is no excuse not to delight the foodie in your life with their very own flavour. At 19% abv Alchemist Dreams liqueurs can be sipped alone or enjoyed lengthened with soda. For more indulgent moments, try them with bubbly for an instant champagne cocktail which tastes like it was crafted by a top mixologist.

Or if all the choice is just too much choose one of our specially selected house blends: Everything's Rosy, Blackberry Magic, Jade Dragon, Winter Warmer. You can still add your own message on the label and pretend you designed it yourself. We promise not to tell.
