For a unique festive UK break (<http://www.forestholidays.co.uk>) in the heart of one of Britain's Forestry Commission maintained forests, look no further than Forest Holidays. A Forest Holiday is one where you can relax in natural surroundings; where you have the freedom to discover the great outdoors and spend quality time with your family without breaking the bank. All of the cabins are set exclusively in Forestry Commission estates, offering acres of beautiful woodland to explore in each of its unique locations, which include sites in Cornwall, Gloucestershire, Nottinghamshire, North Yorkshire and Scotland.

There are plenty of fun activities available for both kids and adults alike. Hire a bicycle or explore the forest with a Forest Holidays Ranger who knows the forest and its inhabitants inside out. Or simply relax in your own private hot tub and celebrate the season the stress-free way.

This Christmas and New Year, every Forest Holidays cabin will have a complimentary real Christmas tree for its occupants to decorate, and a celebratory box of festive treats including a bottle of Champagne; Forest Holidays handmade chocolates; mince pies and local festive nibbles. Each Forest Holidays site will also have a full range of festive activities on offer.

In addition, Forest Holidays is offering 20% off any 4 night break beginning on Christmas Eve, and 30% off any 4 night break beginning on New Year's Eve – just enter XMAS12 or NEWYEAR12 respectively when you book online.
