

Sports Scorer - New Portable Scoreboards Launched - Suitable For A Wide Range Of Sports

Submitted by: Teamgeist

Wednesday, 5 December 2012

Following the success of Match Pointer, Teamgeist Ltd launches Sports Scorer, a range of lightweight and portable scoring solutions for schools and sports clubs.

Sports Scorer (<http://www.sportsscorer.com>) is a new product offering a lightweight, portable scoring system. The durable and professional-looking scoreboards are suitable for almost all types of sports including football, hockey, basketball, netball, handball, table tennis and many more.

Sports Scorer has been engineered to be easy to operate and durable enough for long-term outdoor and indoor use, with minimum maintenance (<http://www.sportsscorer.com/maintenance>) requirements.

Sport Scorer's patented dial design makes changing the score quick and easy, requiring no electricity. Both single- and double-digit boards are available. The single-digit scorers have scores visible on both sides, offering players and spectators easy visibility to all of the action. Displaying the scoreboards (<http://www.sportsscorer.com/accessories/>) is simple; all models include a sturdy metal hook for hanging display, standalone ground and eye-level stands are also available.

"The quick-changing dial design on Sports Scorer scoreboards is unique in the market. Unlike flip chart style display systems, Sports Scorer can be used outdoors even in windy conditions without disruption" said Patrizia Victor, Managing Director of Teamgeist.

As a low-cost scoring system for schools, the scoreboards allow children to easily keep match scores. With Sports Scorer, schools can occupy pupils that are not otherwise involved in a game and help educate students on the details of match scoring.

Small and medium sized sports clubs will also benefit from this professional-looking scoring system that will help engage spectators and enhance team spirit. As a portable solution, Sports Scorer is perfect for use at both home and away games.

"Our Match Pointer tennis scorers (<http://www.sportsscorer.com/match-pointer>) have been very successful. We increasingly received inquiries for similar boards from people who have been looking for a low-cost and portable scoring solution for other sports. With Sports Scorer, we have developed a solution that addresses those needs," concluded Victor.

For volume orders, Teamgeist Ltd offers customisation of Sports Scorer boards with custom print, base colours and sponsor logos.

About Teamgeist Ltd

Teamgeist Ltd is the London-based UK distributor of German VIS GmbH. They have been supplying Match Pointer tennis scoreboards to the UK for over 10 years.

Teamgeist Ltd stock their products in London, offering a quick delivery service to trade customers and end users.
