Blossom Accessories are renowned for adding sparkle & glamour to enrich a bridal outfit, or to add flair & grace to a hairstyle seeking a chic finish.

Blossom's extensive and vibrant range of hair vines, hand crafted tiaras, birdcage veils, combs & flowers have been successfully distributed to more than 400 bridal outlets in the UK for over 25 years.

They have now unveiled their stylish new jewellery range which can be viewed via their visionary new website [www.blossom.co.uk](http://www.blossom.co.uk)

Blossom's MD, Monica Welch enthusiastically remarks "There's something for everyone in our new collection, to suit every price range and befitting any occasion, from a night out with the girls to the glitz of a formal dinner or a significant wedding".

Millie Mackintosh, star of Channel 4's Made in Chelsea reality series, has already endorsed Blossom's "Warwick" earrings, which she selected to wear to the wrap party, televised on New Year's Eve 2012.
