PARIS AND YOU PHOTO : first specialized photo agency for Paris visitors

More than 75% of Paris visitors (PARIS AND YOU PHOTO market survey, dec. 2012) declare that they are not satisfied with the images they have taken in Paris, due to their lack of knowledge of interesting places in the city and also because of technical problems.

Trying to find an English-speaking photographer can be boring, price lists are difficult to get and not always clear and delivery can be very slow.

PARIS AND YOU PHOTO has been created to solve all these problems. It has the ambition to combine visits to the real Paris ...and an artistic photo shoot.

This concept is aimed mainly at couples, families and friends who want great photos taken of themselves. 7 themed tours in the heart of Paris are proposed, each lasting 2h30.

Then, during a break in a typical Parisian café, clients look at the pictures taken during the photo session and select them.

All selected photos are then edited and enhanced to get the PARIS AND YOU PHOTO unique and artistic touch. Photos are proposed with a 24hour delivery, as well as Fine art prints and shadow gap frame and with a numbered certificate of authenticity.

“This is a unique and amusing concept that allows visitors obtaining artistic photos that they would not have had otherwise. It makes visitor’s trip an unforgettable experience » says Julien OSTY, the founder of PARIS AND YOU PHOTO and photographer specializing in portraits.

Be-spoke tours and photo shoots can also be organized in Paris – France for: weddings, wov renewals..., or to live an exceptional experience: trips to the Mont Saint Michel, the Champagne Loire Valley, Bordeaux...by helicopter.

A selection of: evening dress hire, make-up / hairdresser / Hollywood lighting, luxury/vintage cars, river Seine cruises aboard a private pleasure boat, “paparazzi style”, “Doisneau” style, and many other exceptional experiences....

“For the travel industry, Photo shoot sessions create value”, according to Julien OSTY.

PARIS AND YOU PHOTO is member of THE PARIS CONVENTION AND VISITORS BUREAU.
