

# PRINT AND ACCESS YOUR DATA WHEREVER YOU ARE WITH KYOCERA'S CLOUD CONNECT

Submitted by: Kyocera Document Solutions (UK) Ltd  
Thursday, 1 August 2013

---

KYOCERA Document Solutions, one of the world's leading document solutions companies, is pleased to announce an addition to its portfolio of mobile and cloud solutions. Cloud Connect is a free application that enables scanning from the device to the cloud and printing from the cloud to the device via service providers Evernote® and Google Drive™, directly from HyPAS enabled KYOCERA multifunction product control panels.

Cloud Connect provides a seamless connection from the cloud to all your files and importantly allows easy access to documents, whenever and wherever you are, just by using the KYOCERA MFP\* control panel - there is no need for a computer, tablet or Smartphone. Cloud Connect is part of KYOCERA's HyPAS open platform, so it is no surprise that this new software offers a seamless workflow. HyPAS is designed to optimise the performance of KYOCERA's award-winning MFPs with custom, integrated software applications that simplify complex document workflows.

Users can log into, upload scanned files and store files to their account on Google Drive™ and Evernote® directly from the touch screen control panel of the KYOCERA MFP and vice versa, when a hardcopy of any document is needed, users can print directly from the cloud services to their KYOCERA device in file formats including JPEG, PDF and TIFF. Files can be easily found by browsing tagged or starred content, or by searching for keywords, eliminating the need for a computer or mobile device, mobile memory device and the need to transport hardcopy.

"Cloud services are increasing in popularity and our customers expect connectivity and compatibility. Cloud Connect demonstrates our commitment to providing customers with easy printing solutions that meet their evolving mobile business lifestyle. Your important data goes wherever you go!" said Steve Mitchell, Group Product Marketing Manager, KYOCERA Document Solutions UK Ltd.

Cloud Connect is a free application available for download from [www.kyoceradocumentsolutions.co.uk](http://www.kyoceradocumentsolutions.co.uk)

\* Cloud Connect is compatible with the selected devices found at [www.kyoceradocumentsolutions.co.uk](http://www.kyoceradocumentsolutions.co.uk)

## About KYOCERA Document Solutions
