Solving the puzzle of what to give to whom should be made easier this Christmas with personalised artisan chocolate gifts from Sent With A Loving Kiss (<http://www.sentwithalovingkiss.co.uk>). Beautifully styled and decorated chocolate, hand-crafted in Hampshire by a team of award-winning chocolatiers, is presented in a decorative keepsake tin bearing a personal message from the sender to the recipient, and can be delivered anywhere in the UK, starting from under £20 plus postage and packing.

There's chocolate to please all tastes – dark, milk, white and mixed, and themes to suit immediate friends and family, as well as cousins, aunts and uncles, in-laws, step relatives, or Christmas hosts and hostesses.

It's an easy way to send a personalised gift that offers a sweet treat and a tin to keep.

The chocolate tastes as good as it looks as the chocolatiers that produce their artistry for Sent With A Loving Kiss have been specially chosen; they also supply the food halls of many internationally renowned London stores.

Ethically sourced couverture from Belgium is melted, moulded and embellished by hand, in the Hampshire workshop, with peel, fruit, nuts, contrasting chocolate and hand-drawn script and patterns to be tip top gift-ready. The presentation tins come in a variety of patterns, shapes and sizes, and Sent With A Loving Kiss's helpful team is there to help you with your personalised message should you wish.

Sent With A Loving Kiss offers a money back satisfactory guarantee, a secure payment method and a choice of delivery options.
