

Super Casino Anticipates Responsible Gaming Day

Submitted by: Super Casino

Thursday, 7 November 2013

The specialists behind Super Casino have shared their thoughts on the issues of consumer safety and responsible gambling in the lead up to the annual EGBA convention in Brussels.

Held 28th November in Brussels, the occasion marks the 6th responsible gaming day for the European Gambling and Betting Association. Taking place in the Bibliotheque Solvay, the exhibition promises to be one of the biggest events in the industry calendar, offering guidelines and procedures to gaming operators on the topic of providing safe, secure and responsible gaming to their customers.

Featuring a public roundtable discussion, the event will address key areas of interest such as the impact of national regulation of online gambling in the EU as well as future challenges and policy options for online gambling in the EU.

As a brand at the centre of the online gambling sector, the experts at Super Casino take the issue of responsible gambling very seriously. Whilst they specialise in creating authentic roulette games (<http://www.supercasino.com/games/roulette>), casino slots, blackjack, arcade games and poker for their customers to enjoy, the staff are also committed to ensuring that their users don't encounter personal or financial problems as a result. A representative from the firm shares their thoughts on how events like Responsible Gaming Day help to raise awareness of the issue amongst online operators.

"We were pleased to hear that the EGBA event is going from strength to strength. It is important for gambling operators to be aware of the importance of responsible gambling and in turn to educate their customers on the importance of this too. Using an online casino site such as Super Casino should be purely for entertainment purposes. Borrowing money to play, spending more than you can afford or using money set aside for other purposes is not advisable and can lead to serious problems for yourself and those around you. We would strongly recommend that anyone in this situation seek professional help."

With live roulette games broadcast on Channel 5 and Sky channel 862, Super casino is the longest running and most popular online TV casino in the world. Famous for providing a realistic gaming experience online, Supercasino.com offers games to suit a variety of tastes, including roulette, live blackjack (<http://www.supercasino.com/games/blackjack>), card games, table and video poker as well as a selection of slots and arcade games.
