With recent reports that many families are considering staying in the UK and taking short breaks this year there's rising interest in caravans and motorhomes as a good value investment for this year's holiday and for the years ahead.

British Car Auctions (BCA), the leading vehicle auction specialist, is meeting this demand with a programme of regular specialist caravan and motorhome sales throughout 2014. The first sale of the year takes place at BCA Measham on Friday 11th April at 10.00 am, and features over 80 caravans and motorhomes including a great selection from Black Horse Finance to suit every taste and budget.

"Now is the perfect time for people thinking about a UK holiday to start planning their summer road trips" confirms BCA spokesperson Tim Naylor. "Our sale will provide a superb selection of motorhomes and caravans for anyone looking for a holiday investment."

"The sale will include models such as Compass, Swift, Bailey, Lunar, Autocruiser and Elddis, with everything from nearly new to older vehicles on offer. For anyone preparing to get on the road this summer, this sale is the perfect place to get a great deal. It is a sale that shouldn't be missed by anyone thinking about buying a caravan or motorhome."

Potential buyers can check online at www.bca.co.uk for full catalogue listings and digital photographs, as well as details of forthcoming sales.
