Wigan, UK.

Atlas Products International, the market-leading solution provider for B2B e-Invoicing and e-Business, today announced that Pall Corporation, one of the world's leading providers of filtration and purification solutions has chosen Atlas Products International for a complete e-Invoicing solution for its global customer base and supply chain.

Pall Corporation, headquartered in New York with UK offices in Portsmouth, recorded sales in excess of \$2.6 billion in 2013 to customers worldwide in the biopharmaceutical, medical, food and beverage, process technology, microelectronics and aerospace sectors.

Michael Latimer, VP Group Sales at Atlas Products said: "Given the scope and scale of Pall Corporation's worldwide operations we are delighted that they have selected our integrated solution for implementation throughout their organisation. This is another important endorsement of our market-leading e-Invoicing service."

Founded in 1946, Pall Corporation is a Fortune 1000 company supplying filtration and purification solutions to customers in every region of the world, with an extensive and diverse supply chain.
Ends.
