---

The world leading medical Spa of Clinique La Prairie, Montreux, is pleased to announce its nomination for the SpaFinder Wellness Travel Awards 2014 in two categories: 'Best Medical Spa' and 'Best Spa in Switzerland'.

Since its foundation in 1931, the philosophy of Clinique La Prairie has always been based on dedicated research, combined with the continuous development of new and advanced techniques. Recent investment in ultra modern Spa facilities underlines Clinique La Prairie's determination to maintain its international leadership in the category of medical Spas.

Wellness Travel Awards put a spotlight on all the spas and wellness destinations around the globe that are dedicated to helping people lead healthier, happier lives. Starting tomorrow, consumers will vote for the finalists on six continents, in over 40 countries and regions and in 18 special categories. Consumer voting begins 19, June at <http://www.spafinder.com/> and ends on 19, September. Award winners will be announced during the World Travel Market in London, which takes place 3-6, November.

"These new nominations confirm Clinique La Prairie's position as a pioneer in preventative medicine, health, and wellness." – Mark Baier CEO.

Clinique La Prairie (<http://www.laprairie.ch/>) has received over fifteen accolades in recent times to include: World Spa & Wellness Award, World Luxury Spa Awards, Condé Nast Traveller Reader's Spa Award, Best Medical Spa (Sunday Times, UK), Best European Medical Spa (European Spa Exhibition, Monaco) and the Retreat Spa of the Year (Quintessentially).

## ABOUT CLINIQUE LA PRAIRIE

Founded in 1931 by Professor Niehans, a pioneer in the development of cell therapy, Clinique la Prairie has over the years established an international reputation as a world-renowned medical clinic and wellness destination. Thanks to ongoing scientific research, Clinique la Prairie is regarded as a leading light in preventative medicine due to its unique Revitalisation treatment combined with the development of specialised medical programmes. With more than 25 specialists on hand all under one roof equipped with the latest technology, Clinique la Prairie offers a holistic approach to healthcare and wellbeing in a tranquil and sophisticated environment.
