

Mayflex Collects Aruba EMEA Distribution Excellence Award

Submitted by: Mayflex UK Limited

Monday, 23 June 2014

June 2014, Mayflex (<http://www.mayflex.com/>), the cabling infrastructure, networking and electronic security solutions distributor, has been awarded the EMEA distribution excellence award by Aruba Networks. The award was presented at the Aruba Atmosphere Partner Summit held at Lake Maggiore, Italy, 9th – 13th June.

The conference was attended by Aruba's distributors and partners with the award being presented on the evening of the 10th June.

Anita Mistry comments, "What great recognition for Mayflex. The investments made in our team over the last 12 months are definitely starting to pay off, developing and taking on new partners has helped us to consistently grow our Aruba business. Our commitment and dedication to our partners and Aruba continues to be of paramount importance to us and I am happy to see that our focus and efforts have paid off. We actually also received an award for outstanding Atmosphere support, for encouraging our customers to register and attend the Aruba conference."

Mistry continues, "The team continues to remain focused on growing our Aruba (<http://www.mayflex.com/manufacturers/aruba-networks/>) sales by providing support, quick response times and excellent service to our partners. Well done to everyone for continuing to stay focused and keeping Mayflex in the top spot for EMEA."

The award was collected by Andrew Percival, Managing Director at Mayflex, Mark Simmons, Sales Director at Mayflex and Anita Mistry. The award was presented by Dominic Orr, CEO of Aruba.
