

Join Braun and Dr Ranj at an exclusive press event

Submitted by: The Lenny Agency

Tuesday, 16 September 2014

Braun, the number one brand trusted by doctors, is set to launch its next generation of high precision thermometers here in the UK.

We would love for you to join us to find out more before we launch to the market at our private press event at the St. Martins Lane Hotel, London, on the 25 September between 12-7pm.

Join leading paediatrician and TV personality, Dr. Ranj, as he introduces the new range of thermometers and highlights how the latest thermometers from Braun, which feature new cutting-edge technology never seen before in the UK, will help parents make informed decisions on fever and the health of their child.

On arrival, there is opportunity relax and socialise while enjoying refreshments.

After a brief presentation, there is time scheduled to meet Dr. Ranj for a one-on-one question and answer session on the new thermometers and managing a child's fever. Follow up interviews can also be scheduled with Dr Ranj to discuss the Braun range after the event.

A photographer is on hand to capture your meeting with Dr. Ranj and we will have an opportunity for autographs should you have a little one who is a big fan.

We have some fantastic goody bags for you to take away with you containing samples of the thermometers to test, as well as a range of other treats for you to take away with you. So don't miss out.

RSVP Francesca at The Lenny Agency by 20 September
