With hundreds of thousands of pensioners expected to draw down their pension after Easter Monday, many have started to look into a variety of alternative investment ideas.

Although a motorhome sounds about as sensible as buying a Lamborghini with your pension, there's a motorhome loan scheme that's already raised over £11 million in the past 3 years.

UnbeatableInvest has attracted 300+ lenders offering a fixed annual return of 10% and free motorhome holidays, using the security of a new motorhome via a loan made to the company.

Cambridge based motorhome hire specialists, UnbeatableHire Ltd has raised millions from private individuals to finance a massive nationwide hire fleet of motorhomes using their UnbeatableInvest idea.

"We really struggled to raise finance from the banks in order to buy more motorhomes; at the same time, savers were getting abysmal returns from their savings. UnbeatableInvest has been a win-win for everyone". Said Andrew Hughes, founder and managing Director.

"To meet the growing demand for good value motorhome holidays, we needed to grow our fleet and UnbeatableInvest has enabled us to raise the finance necessary to build a nationwide fleet of over 300 motorhomes for hire."

The £36,000, 3 year scheme pays monthly interest payments directly to the lender and the capital is repaid in full at any time thereafter giving 60 days notice. The loan is secured via a mortgage debenture against a specific motorhome.

"We've now reached the renewal period for many of our early lenders - over 75% of them have decided to roll over their loans with us. This year we've raised over £3.6 million to acquire a further 100 motorhomes for the 2015 hire season.

Motorhome hire has become an increasingly popular holiday choice for families and couples who want to take a UK holiday break or an overseas holiday without having to fly. UnbeatableHire has opened 12 hire depots including Heathrow, Gatwick, Manchester, Edinburgh and Bristol.
