DREAM TEAM HUB – LAUNCHES WORLDS 1st CROWDTEAMING™ CROWDFUNDING CAMPAIGN

LONDON 03 June: Imagine a global matchmaking platform where you could meet like-minded individuals to co-create a future worth living for, and make your own dream a reality. Dream Team Hub launches its 1st crowdfunding campaign to make crowdteaming™ a global reality.

Launching your own vision can often be an isolating and daunting prospect. Finding the best talent, experience and potential project partners has to date, been something that's often happened by chance until now.

Dream Team Hub is an innovative technology driven platform that will connect aspiring game-changers, change-makers and social entrepreneurs online, so that they can create the perfect DREAM TEAM and drive social change projects together.

Dream Team Hub allows everyone to find their ideal co-creators to fulfil their dreams. That is, they help them create the 'best fit' team by identifying and locating like-minded peers with a shared vision and the best skills for the project. And in addition, Dream Team Hub will provide the essential bespoke project management tools to manage projects from the ground up for the newly formed teams, anywhere online.

Its founders Pascal van der Tuin, Rene Luijk and Dimitra Tzigianni identified this need as a result of the ever-growing mass of socially and ecologically conscious people who are ready to act now. These people might have found like-minded tribes on Facebook, or skilled professionals on LinkedIn, or general conversations on various campaigning platforms. However, to date there has been no crowdteaming™ platform specifically designed to bring people together with the aim of achieving social progress.

In the words of John Lennon "You may say I'm a dreamer, but I'm not the only one. I hope someday you'll join us, and the world will be as one."

Dream Team Hub is a marketplace like no other, empowering team action to co-create the world we wish to see. An egalitarian one that is inclusive, promotes equality and reflects pioneering leadership.

CEO Pascal van der Tuin commented "Dream Team Hub will help inspirational people follow their dreams by allowing them to be matchmade with 'like-hearted' individuals anywhere in the world who wish to make a difference in our societies. We'll provide the tools and platform to empower these individuals to fulfil a destiny that they could never have imagined until now".

The crowdfunding campaign launches on June 3rd at 20:00 Central European Time (CEST) / 19:00 British Time (BST) / 14:00 Eastern Time (EDT) / 11:00 Pacific Time (PDT) to help raise the initial \$70,000 via crowdfunding platform Indiegogo. As the largest global site for fundraisers, Indiegogo helps individuals,

groups and non-profits raise money online to make their ideas a reality through crowdfunding. Once the target is reached the core platform launches end of 2015. To find out more before the campaign starts visit [www.dreamteamhub.com](http://www.dreamteamhub.com) or pledge your support (<https://www.indiegogo.com/projects/dream-team-hub-teamwork-makes-the-dream-work>) from June 3rd.
