Tuesday, 20 October 2015

Modern Networks (<http://www.modern-networks.co.uk>) announced today that it is the recipient of Cisco's Commercial Case Study of the Year award for the UK's first Cisco Mobile Workspace deployment. This incorporated the full Cisco technology stack – including Data Centre, Collaboration, Enterprise Networking, and Wireless, all underpinned with the latest security solutions. The customer, an international architectural practice headquartered in London, now offers an unrivalled collaborative and mobility experience for its workforce.

Cisco unveiled the five winners of its UK Partner Awards on 1st October at its annual London Partner Forum. Presented to exemplary channel partners, the Cisco UK Partner Awards recognise the achievements of a select group of Cisco partners and their innovation within the commercial market for FY15.

"It's been a fantastic twelve months once again working with so many well-respected and industry-leading channel partners and distributors, whom we achieve so much with together" said Richard Roberts, Managing Director, Partner & Commercial Sales, UK and Ireland, Cisco. "Modern Networks is one of the names that ranks highly on this list, and it's our true pleasure to recognise their exceptional work and the quality of execution as Cisco award winners."

"I'm delighted to receive this award on behalf of the Modern Networks client team" said James Tizzard, Group Sales & Marketing Director, Modern Networks, "We're thrilled with the customer case study, and the strength of the engagement with the Cisco commercial team that helped make this win possible, thank you to the Cisco UKI team for the recognition!"
