Mayflex (<http://www.mayflex.com/>) the distributor of Converged IP Solutions is holding an Integrate & Innovate day on the 19th April, at Villa Park, Nr Birmingham. The day will consist of a number of informative seminars running alongside a mini exhibition which will showcase products and services provided by Mayflex vendor partners. The day will run from 9.30am – 3.30pm.

This event will bring together leading experts in their field, headlining the event is John Laban, an industry professional with many years' experience. John's presentation entitled 'The Latest news from Silicon Valley on the Internet of Things (IoT) and Open Computing Project (OCP) Disruptions' will discuss the making of future winners and losers in the ICT industry during this decade' a presentation not to be missed.

Tracey Calcutt, Marketing Manager at Mayflex commented, "Our Integrate and Innovate event will provide customers with the opportunity to engage with 23 of our vendor partners who are exhibiting throughout the day. Representatives from each vendor will be available before, during the break and after the presentations to deal with enquiries and in many cases will be demonstrating their product offerings.

Tracey continues, "We've got prize raffles running throughout the event, so customers attending can not only gather lots of vendor information but win some great prizes too."

You can register to attend the Integrate & Innovate with Mayflex event and review the full agenda by visiting: <http://www.mayflex.com/TechnologyDay/index.html>. Alternatively email admin@mayflex.com.
