" With this new partnership in Qatar our Smart Glass & Smart Film technology can reach horizons we never deemed possible "

Clear2Frost - London & Maghdeem Co - Qatar form a new Global Partnership on a massive scale.

CLEAR2FROST.COM

Clear2Frost - Smart Glass & Smart Film technology brand in London have formed a partnership with Maghdeem Contracting & Trading in Qatar.

This exciting new partnership opens up very big doors in relation to trade for our Electric Privacy smart glass & smart film technology.

Clear2Frost are one of the worlds largest manufacturers of I-GLASS and I-FILM. This glass and film technology can change from clear to frosted instantly by using a very low power supply similar to that of a light bulb.

A simple soft press of our I-REMOTE or wireless wall switch can change the glass from clear to frosted before your very eyes. Used now in over 100 countries on commercial and residential applications the technology is very high in demand.

Our I-GLASS is to replace existing glass or for new builds and our I-FILM can be applied on top of your existing glass.

The products series now offers:

I-GLASS DOUBLE GLAZED (<http://www.clear2frost.com/iglass-double-glazed-1>)

I-GLASS LAMINATED (<http://www.clear2frost.com/iglass-laminated-1>)

I-GLASS TOUGHENED (<http://www.clear2frost.com/iglass-toughened-1>)

I-GLASS CURVED (<http://www.clear2frost.com/icurved/>)

I-GLASS COLOUR (<http://www.clear2frost.com/iglass-colour-1>)

I-GLASS BI-FOLD DOORS (<http://www.clear2frost.com/ibifolding>)

I-GLASS FIRE RATED (<http://www.clear2frost.com/ifire-rated/>)

I-FILM (<http://www.clear2frost.com/ifilm-1/#when-curtains-blinds-wont-work>)

I-REMOTE (<http://www.clear2frost.com/the-iremote-1>)

The technology protects users from 99.6% of harmful UV rays in the clear and frosted mode and also helps stop approx 50% of solar glare when switched to frosted.

The smart glass and film reverts to frosted in the event of a power failure for safety.

They are dealing with the best in execution, quality, and reliable in our modules.

MAGHDEEM Co. dealing with class A European PV modules and other European standard PV modules sources.

They deal in all kind of PV modules including: 60-cell (240-260Wp) – 48-cell (200Wp) – 72-cell (300-310Wp) etc.

These PV modules are best in quality and best for all kind of power system whether they are small power plant or the large power plant. It saves more than 16% energy is saved with our PV modules from all models. Cost of our models is reasonable as well as they consume less energy and provide you with the best quality.

MAGHDEEM Co. is an association committed to feasible building plan and development and additionally the designers of the solar lightening solutions.

Established in Wood, Metal, Cement and any other material these units can be utilized for: Area lightening, School security, Billboards lightening, Dock lights, Park lightening, Parking lightening, Parkway lightening, walkway lightening, Street lightening, Transit Lightening, Outdoor territory lightening, Security Lightening, Home Lightening,

Advantages of solar lightening solutions are many like, No Wiring needed. Introducing and moving is simple. Vandal and robbery safe parts and equipment. All parts are consumption safe. Low establishment cost. Easily and immediately conveyed in any area. No Maintenance required. No Utility bill. Maintenance Free Batteries and many more.

Examples of Maghdeem recent projects:

1- Aspire Zone

Supply and installation of solar energy plant for football playing courts

Value: 4,500,000.00 QR

2- North Camp

Supply and installation of solar thermal system.

Value: 2,300,000.00 QR

3- Umm Leqhab farm house

Supply and installation of solar thermal system.

Value: 640,000.00 QR

4- Ain Khalid compound

Supply and installation of solar thermal system.

Value: 1,100,000.00 QR

5- Bin Mahmoud residential building

Supply and installation of solar thermal system.

Value: 880,000.00 QR

6- Supreme Education Council
Supply and application of polyurea hot spray
Value: 1,600,000.00 QR

7- Medical commission
Roofing system
Value: 240,000.00 QR

James Trump - Founder of The Xander Prestige Group comments:

"It is with great excitement and extreme proudness that we form this partnership with Maghdeem Co. They are No.1 in the marketplace in their specialist fields and we feel this alliance will open up new horizons for our brand and see this smart technology offered to many clients in their targeted area in need of such smart products. Such a synergy between our companies brings energy and prowess to our global brand."

Samir Azzam - Manager at Maghdeem Contracting & Trading comments:
