RiverSafe Named EMEA Professional Services Partner of the Year for Outstanding Performance

London – 9th March 2017 – RiverSafe, a leading security, data and threat intelligence consultancy, today announced it has received the EMEA Professional Services Partner of the Year Award for exceptional performance and commitment to the Splunk® Partner+ Program. The EMEA Professional Services Partner of the Year Award recognises a Splunk partner who is actively engaged in services implementations and has a strong commitment to the training and certification of their organisation.

The Splunk Partner+ Awards are designed to recognise members of the Splunk ecosystem for industry-leading business practices and dedication to constant collaboration. Areas of consideration for an award include commitment to customer success, innovative program execution, strategic business outcome-focused programs, investment in Splunk capabilities, and creative sales techniques.

Suid Adeyanju, co-founder and director, RiverSafe said: “The last 12 months have been transformative for our business. We have worked on a significant number of Splunk projects over the course of the year resulting in a significant advancement in our breadth of expertise. We have also grown the team to take on this additional work, expanded our senior leadership, and moved to new, purpose-built offices to accommodate the additional headcount and to increase efficiency. We are now gearing up for an even bigger year in 2017 with Splunk being a strategic part of the services that we deliver.”

“Congratulations to RiverSafe for being recognised as the EMEA Professional Services Partner of the Year,” said Cheryl Chin, vice president of global partners, Splunk. “The Splunk Partner+ Program delivers the resources, training, enablement and support needed for a positive and profitable partner experience with Splunk, while providing the framework for partners drive customer success and adoption. The Splunk Partner+ Awards highlight outstanding partners like RiverSafe for their distinguished performance, commitment to customer success, investment in Splunk capabilities, and collaboration with Splunk.”

Winners of the Splunk Partner+ Awards reflect the top-performing partners globally within specific technology markets. All award recipients were selected by a group of the Splunk executives and global partner organisation. Read more (https://www.splunk.com/en_us/partners.html) about the Splunk Partner+ Program.
