

DATA CLOUD EUROPE ANNOUNCES ITS FUTURE OVER NEXT 3 YEARS IS IN MONACO

Submitted by: BroadGroup

Thursday, 21 September 2017

21 September 2017 – BroadGroup (<http://www.broad-group.com>) the organizers of the premier forum and Awards, Datacloud Europe (<http://www.datacloudEurope.com>), are delighted to announce that the event will be held at the Grimaldi Forum at least through to 2020.

Sustaining the development and expansion of the forum, the company will be making several exciting announcements in the near future including the new categories for the 2018 Awards.

“As Europe’s premier data centre, cloud and edge forum, we can give an assurance to our customers that we intend to remain in Monaco for at least the next three years,” commented Gregory Gerot, vice president and managing director of BroadGroup.

“We now also have a new venue for the Awards ceremony which is held in the outstanding Salle des Etoiles overlooking the Mediterranean which proved so successful last year.”

Datacloud Europe attracts senior data centre and cloud leaders and executives, their customers and investors from more than 160 countries – the US being the third largest contingent in 2017 – and top level international speakers in an enterprise driven programme across three days. Recognized for providing deep content and great networking, the event has built its reputation as a place to do deals.

“We are looking forward to another high value event that offers our customers an authentic experience, new business making opportunities with IT infrastructure peers, as well as networking in one of Europe’s most spectacular locations,” said Philip Low, chairman of BroadGroup.

Datacloud Europe takes place in Monaco 12-14 June 2018 and registration will be opening shortly.

To keep updated about the event please contact BroadGroup.

About BroadGroup

BroadGroup is an Information Media Technology and Professional Services provider and a member company of FTSE 250 Euromoney Institutional Investor PLC. Established in 2002, the company has achieved recognition and growth through delivering quality research and events across the IT infrastructure sector. Its Data Centre and Cloud practice is the market leader in providing commercial due diligence, research and analysis for the sector. The company’s event portfolio brands include Datacloud, Datacloud Awards, Finance and Investment Forum and Dark Fibre Convention which deliver high quality international networking and business opportunity events.
