

Excel to exhibit at Data Centre World in Paris

Submitted by: Mayflex

Wednesday, 8 November 2017

Excel Networking Solutions (<https://www.excel-networking.com>) is excited to announce that they will be exhibiting at Data Centre World in Paris, France on the 15th and 16th November 2017. You can visit the Excel team at Stand D52, where there will be a host of Excel products on show and a team of specialist staff that can help you to find the best solution.

At the stand, you will be able to see some of the Environ racks and cabinets range complete with copper and fibre cabling solutions, including the new additions to the Enbeam Fibre range as well as an insight into the additional services that Excel offer, such as bespoke laser engraved labelling.

Product catalogues, supporting literature and information on new and upcoming additions to the Excel portfolio will be available for you to take away on the day!

Make sure you don't miss out on this great opportunity to meet the Excel Team at stand D52 in Paris, France later this month. Register now by visiting www.datacentreworld.fr.
