What's better than chocolate? Having a surprise box full of chocolate delivered directly to your door each month, that's what! With January behind us, and various pledges accomplished, people are looking for something to reward themselves with and Treatbox created just the thing.

New to the subscription box market, Treatbox carefully selects a different variety of much-loved confectionery every month which is lovingly packaged, dispatched and then experienced by the recipient in the comfort of their own home/office. It's what a sweet tooth's dreams are made of!

Whether you are a lover of traditional sweet shop sweets, candy, liquorice or Belgian chocolates, there is a Treatbox to suit all taste buds. Sourcing treats from around the world, we include brands such as Milka, Jelly Belly, Cote D'or, Guylian and Anton Berg to name but a few.

Our Treatboxes are the ideal monthly subscription for busy mums or dads, long-distance friends or can be bought as a one-off gift as a birthday surprise or perhaps as a way of saying thank you.

Included inside is an ode to each month's Treatbox written especially; along with a contents card and the brightly coloured retro branding, the surprise will be sure to put a smile on anyone's face.

At Treatbox, we're not like other subscription based companies, we believe that you should be in control. If you fancy liquorice rather than chocolate one month, no problem you can swap your selection. You can also pause or cancel a subscription at any point or send it to a friend or loved one if you fancy sharing your monthly treat.

For the gift that keeps on giving, sign up from just £15 per month, including FREE delivery, at Treatbox (<http://www.treatbox.com>).

Use TREATME10 at checkout to get 10% off of your first order!
