Stay 8 nights for the price of 7 or 4 nights for the price of 3 - anytime 29th March-13th April. Short Easter breaks start at £79 or £149 for a week (based on 4 people and one car).

Cornwall's 5-star camping & touring haven Trevornick (<https://www.trevornick.co.uk>) at stunning Holywell Bay near Newquay on the rugged North Cornish coast has extended its season for 2018, which means you can enjoy this captivating county and its jewel in the crown even earlier.

With spring kicking in and the weather warming, March and April are quieter months with the coastline even more dramatic, so embrace the tranquility and make the most of the emptier beaches, foodie hot spots and back to nature opportunities.

There's also an exciting Easter Entertainments programme lined up for all tastes and ages, so grab the tent, jump in the camper or hook up the caravan – and bring the pooch as there are dog-friendly pitches – to experience a peaceful and fun-filled outdoor family adventure.

Some of the Easter activities highlights include the Mr Eerius magic and illusion show, a digital scavenger hunt, Easter arts & crafts, Wild Tribe (<https://www.trevornick.co.uk/on-site/wild-tribe/>) outdoor skills workshops, coarse fishing competitions, balloon modeling and biscuit decorating, plus an egg hunt with a difference around Trevornick's famous on-site Fun Park (<https://www.trevornick.co.uk/on-site/holywell-bay-fun-park/>) comprising over 20 superb rides.

You can also be the first to stay - from Friday May 11th- in one of the 26 smart new caravans (<https://www.trevornick.co.uk/ways-to-stay/statics/>) offering modern and inviting décor and all the mod cons you'd expect of a top-notch holiday home. Positioned on beautifully landscaped tiers with far and wide reaching views, they're the perfect new and exciting way to experience the magic of Trevornick in even more comfort.

Trevornick offers unrivalled West Country pitches - located near the sandy dunes that lead to the panoramic National Trust Holywell Bay beach, which is dog friendly year-round and the setting for much of period drama smash Poldark.

It's an immaculately manicured site where you can experience the extraordinary natural beauty of Cornwall, the freedom of outdoor, saltwater living and the luxury of five-star facilities as standard, whatever the weather. This is carefree camping/touring at its best and ideal if you have small children, or are less experienced and aspiring campers – and now right up until the end of October!

Additionally, the superior and varied recreational facilities really are second to none and include a pristine 18-hole golf course (including pitch 'n putt), three well-stocked fishing ponds, a relaxing Tranquillity spa, heated outdoor swimming pool, three different eateries, doggy daycare walking and boarding, plus a teenage hangout.
