For immediate release

To celebrate the much-awaited arrival of spring, hot tub and spa company HotSpring World (<https://www.hotspringworld.co.uk/>) has created a fun (and rather tricky) brainteaser that is sure to make a splash! This puzzle (<https://www.hotspringworld.co.uk/news-blog/hot-tub-garden-party-spot-the-difference/>) challenges you to spot the differences between two garden party scenes. Can you find them all?

The spot the difference challenge has already managed to stump several HotSpring World employees. It took them an average of 4 minutes and 32 seconds to spot all eight differences - the same amount of time it takes to cook a burger on the BBQ or to listen to Ms Jackson by Outkast!

Just in case you need a hint, there are eight differences to find between the two scenes!

Featuring everything from barbecues and cocktails to music and dancing, this stimulating brainteaser will get your mind thinking about all the ways you can enjoy your back garden with family and friends. And of course, the hot tub steals the show as the focal point of the fun, providing hours of entertainment and relaxation for guests of all ages.

Whether or not you can spot all of the differences, HotSpring World's brainteaser is a fun way to get you thinking about all the garden parties you're sure to be hosting throughout the spring and summer season.

Lynda Smart from HotSpring World says: "We can't wait for spring to arrive and for the season of garden parties to commence. Very soon it will be time to get the garden furniture out, light up the BBQ and get the hot tub ready for everyone to enjoy. Our hot tubs are always a huge hit at garden parties and we have a wide range of models available to suit any garden or family size. We hope this spot the difference challenge gets you in the mood and provides inspiration for your next garden party!"

You can find the solution here (<https://www.dropbox.com/sh/0rckhm40s059wd9/AADAXSrVN4YyokiQJQII3zuCa?dl=0>).
