

Nottingham Development Fully Sold out within days of Marketing

Submitted by: Hockley Developments

Friday, 13 April 2018

Hockley Developments are delighted to have completely sold out at their development of 16 apartments on Ebury Road, Nottingham.

All 16 apartments were snapped up quickly, with owners moving in within days of building control sign off of the building. There was a mix of 1, 2 and 3 bed apartments.

Customer Service Manager, Josh Woolley states, "There was huge demand for this development, and we were pleasantly surprised at how quickly they were reserved. With many attractive features, such as bay windows, private gardens with astroturf, allocated parking, plus a communal cycle rack, and several with their own entrances, we were very pleased with the design and specification of these apartments.

Feedback has been excellent, and we have had an excellent mix of owners moved in.

We are now eagerly looking forward to bringing our next site to market."

With another completed development of 20 apartments just two streets away, and others started in the Nottingham area, Hockley Developments expect to see continued strong demand for their developments – with prices starting from just £99,000. Register for free at Hockley Developments (<http://www.hockleydevelopments.com>) or call the office on 0800 6348390, or email info@hockleydevelopments.com.
