Norwich, 10 July 2018 - Original Cottages, www.originalcottages.co.uk, holiday cottage staycation specialists, has announced it will deduct (or refund) £66 on any 2018 booking in the name of Southgate.

The Southgate discount plays on the success of England's 1966 team as hopes soar for a repeat of such glory some 42 years on.

The offer applies to existing bookings as well as any new bookings made by midnight on Sunday, the last day of the 2018 World Cup.

For existing bookings made in the name of Southgate, guests will be notified of a £66 refund.

For new bookings between today, 9 July, and midnight on Sunday 15 July, Southgate must be the name of the lead person on the booking and the name on the payment card used to confirm the holiday.

The offer applies to any holiday starting in 2018, including during peak season periods such as remaining summer weeks, October half term and Christmas book via Original Cottages.

Sonia Holman, marketing director at Original Cottages, says: "As World Cup fever takes over the nation we wanted to show our support and recognise the success that Gareth Southgate has achieved with our 2018 squad so far. Plus what better way to celebrate England's success than with a holiday on home turf."

Original Cottages is a family owned and run hub of 23 locally based self-catering agencies. There are 4,600+ holiday cottages, apartments and large houses to rent across England and Wales from the Lake District and Yorkshire to Cardiff, Cornwall and Kent.
