Welcome to Tossary of Terms, the first in an illustrated dictionary series produced by cult cartoonists Modern Toss.

This book contains a random pisspot of new words and phrases to identify and define contemporary social phenomena which have so far gone unnamed.

The fast-changing modern scene chucks up stuff faster than we can nail it down and label it: the ear grease on a smart phone screen; wearing a hat that makes you look like even more of a tit; the DNA-rich stew in a hand dryer trough; paying extra money to sit in a plane before the rest of the passengers.

Luckily help is at hand. The Tossary of Terms is an invaluable tool for navigating the 21st century shitscape.

Available from early September!
