Business Intelligence and Analytics Conference 2018
(<https://irmuk.co.uk/events/business-intelligence-analytics-conference-europe/>)
19-22 November 2018, London

These co-located conferences will provide an unparalleled networking opportunity for BI, Analytics and Data Management Professionals from across Europe and beyond. Whether you are just starting your journey, you are an experienced practitioner, or you would like to understand the role of Business Intelligence, Analytics and Enterprise Data further, this conference is for you.

Benefits of attending:

- Learn from your Peers. The conference provides an interactive forum where BI, Analytics and Data Management Professionals can meet, discuss and debate how best to rise to the challenges faced by their organisations today and in the future. The 2017 conference attracted delegates from 30 countries.
- Four Conference Tracks with More Than 50 Sessions with a Focus on Case Studies. Learn from other organisations past successes and challenges. Case studies and contributors include Volkswagen Financial Services, Direct Line Group, Rabobank, Riyad Bank, Southern Water, The International Criminal Court, The Environment Agency, The Pensions Regulator, Defence Infrastructure Organisation, Bosch, Maersk Line, Goodyear, Lidl, Hitachi Vantara, SAP, Nordea, Talenom, Catawiki, Liverty, Cervecería Regional and more
- Twelve Half Day Pre-Conference Workshops. Choose from introductory or advanced levels.
- Three Full Day Post Conference Workshops. Enhance your in-depth knowledge and skills on Enterprise Data Management and BI & Analytics practice.
