Put a curry twist on Christmas with this year's 'hottest' Advent calendar!

Everyone loves a good curry - in fact, curries are now the most popular recipes for UK home cooks, according to a recent survey (<https://ubamarket.com/2018/07/09/sauce-kitchen-creations-revealed/>), ahead of the traditional roast dinners and spag bol. And now there's a new way to 'curry on' all the way through the festive season with the world's first curry Advent calendar!

Featuring 24 Christmas recipes, the Curry Legend Advent Calendar is all you'll need to spice up your countdown to Christmas this year!

Create mouthwatering, tongue-tingling Christmas favourites with a curry twist, such as turkey seekh kebabs and spicy apple chutney; vindaloo pigs in blankets or Brussels sprouts bhajis, using the 4 bespoke spice blends included and a few simple fresh ingredients listed on each recipe.

Created by Bristol based company, The Spicery, the calendar costs £29 (including free delivery!) and is available at www.thespicery.com (<https://www.thespicery.com/>) or through online retailer, Not on the High Street.
