12th Annual MSP 501 Identifies Top Forward-Thinking Global MSPs & Leading Trends in Managed Services

JUNE 18, 2019: Fifosys has been named as one of the world's premier managed service providers on the prestigious 12th-annual Channel Futures MSP 501 rankings.

Every year, MSPs worldwide complete an extensive survey and application to report their product offerings, growth rates, annual total and recurring revenues, pricing structures, revenue mix and more. MSPs were ranked according to a unique methodology that weights revenue figures according to how well the applicant's business strategy anticipates trends in the fast-evolving channel ecosystem.

Channel Futures (<https://www.channelfutures.com/>) is pleased to name Fifosys to the 2019 MSP 501.

"We are very proud to be given global recognition in the top 501 Managed Service Providers and in the top 40 in Europe," said Mitesh Patel, Managing Director, Fifosys.

"Our long-term commitment to the technology sector and in driving a positive customer experience is at the heart of Fifosys. Long may this continue and a thank you to Channel Futures for this award."

In the 12 years since its inception, the MSP 501 has evolved from a competitive ranking list into a vibrant group of service providers, vendors, distributors, consultants and industry analysts working together to define the growing managed service opportunity.

"The 2019 MSP 501 (<https://www.channelfutures.com/msp-501>) winners are the most elite, innovative and strategic IT service providers on the planet, and they stand as a model of excellence in the industry," says Kris Blackmon, Content Director of Channel Partners and Channel Futures and lead of the MSP 501 program. "As the MSP 501 Community grows, leagues of managed service providers learn from the successes of these winning companies, gaining insight into the best practices, strategies and technologies that elevate an MSP to the level of the 501 winners. Our heartfelt congratulations to the 2019 winners and gratitude to the thousands of MSPs that have contributed to the continuing growth and success of both the 501 and the thriving managed services sector."

The complete 2019 MSP 501 list is available at Channel Futures.

Background

The 2019 MSP 501 list is based on data collected by Channel Futures and its sister site, Channel Partners. Data was collected online from March 1 through May 31, 2019. The MSP 501 list recognizes top managed service providers based on metrics including recurring revenue, growth and other factors.
