---

Europe's only co-located conferences on Enterprise Architecture and BPM provide you with the unique opportunity to discover the latest approaches and innovative ideas to Enterprise Architecture, BPM and Business Architecture and benefit from the synergies between them.

The Conferences are Designed by Practitioners for Practitioners. The conferences are therefore centred on first-hand experience. And, by focusing on the people who know Enterprise Architecture, BPM and Business Architecture best – the Practitioners themselves - they are always an excellent reality-check on where EA, BPM and Business Architecture are today, and where they are going to next.

Focus on End-User Case Studies. Take an inside look at the successes and challenges behind real-world Enterprise Architecture, BPM and Business Architecture implementations. Case studies and contributors include: Google|Coca-Cola European Partners|Direct Line Group|Nationwide Building Society|Danske Bank|Erste Group Bank|British Library|Ordnance Survey|Centrica|Willmott Dixon|Aviva|Yorkshire Building Society|National Air Traffic Services (NATS)|AIB|APG|SBAB Bank|IBM|The Open Group|Canadian Western Bank|Landis+Gyr|CERN|Saudi Industrial Development Fund|IT University of Copenhagen|University of Hertfordshire|Zespri and many more ...

Five Conference Tracks Focusing on Company Case Studies. Choose from more than 65 sessions, with 2 tracks on Enterprise Architecture, 2 tracks on BPM and 1 track on Business Architecture. Whether you are just getting started or looking for more advanced knowledge you will find sessions that address issues you are facing and people who can advise you.

Conference Workshops. Choose from twelve pre-conference workshops and four post conference workshops on specific topics to get you quickly up-to-speed or fine tune your performance.
