PRIVATE MEMBERS CLUB

WITH BUSINESS & WELLNESS AT ITS HEART

INTRODUCING SOCIAL MEMBERSHIP

The South Kensington Club presents a brand new extraordinary array of Social & Fitness facilities offering a new gym, fitness studios, a fully refurbished bathhouse, a Watsu pool, and tailored nutrition programs.

With a newly designed social lobby area and private dining rooms, to satisfy the ever-growing demand in London, where members can enjoy a perfect balance of

WORK - WELLNESS - PLAY

“Life's not just being alive, but being well”

South Kensington Club (SKC), offers all the tools for an active and balanced life, based on the ethos that a fit body promotes a healthy outlook and an enquiring mind - a healthy mind in a healthy body.

Understanding the importance of self-care, SKC has designed an environment where individuals can find time and space to look after their body, and soul while working. Thanks to a social agenda, working space and an array of fitness and wellness facilities, men and women alike are able to ‘stop and stare’, breathe and enjoy every moment.

SKC is proud to offer fantastic social areas for professionals, entrepreneurs and socialist alike. Set in a luxurious bright space affording the most spectacular daylight in Kensington. Also featuring two main private dining rooms alongside the lounges with capacity for an impressive 300 guests for a standing reception across both rooms, and 300 for a seated dinner with the option of a separate drinks reception area.

The venue also benefits from a south-facing terrace area, making it ideal for receptions in all seasons and a first for South Kensington. Whether an extravagant gala dinner, an evening reception, or a bespoke event, SKC provides a truly exclusive and memorable event experience.

The studios provide an ideal environment for yoga, hot yoga, Pilates, barre-core and high-energy dance classes, as well as private fitness assessments. After a workout, SKC encourages relaxation by enjoying a massage in the treatment cabins, sipping tea by the fire in the Tea Library or simply spending time in the Hamman and banya which can be enjoyed at any time of the day - followed by a sumptuous dining experience with friends, colleagues or family.

South Kensington Club members also enjoy the advantages of a network of premium partnerships, including some of the finest private members' clubs overseas, which share the SKC ethos and spirit of adventure.

New Social Membership from September 2019 from £1,800 annually.

Full access memberships start at £2,200 a year
