EMERGE PR is managing the UK PR and communications for David Yarrow, the world-renowned fine-art photographer famed for his evocative and immersive photography of life on earth. Yarrow's beautifully raw portrayal of the natural world has earned him a global following with exhibitions taking place at some of the world's top museums and galleries.

This year, Yarrow is releasing his first photographic monograph in three years featuring some of his most famous and iconic works during this time that is balanced with a first-person narrative. With a foreword written by global NFL star Tom Brady and an afterword written by American cultural icon Cindy Crawford, the stunning collection offers an unmatched view of some of the world's most compelling animals as well as mesmerising story-telling images. His work will also be on show at the Maddox Gallery, Westbourne Grove between 2nd - 23rd October 2019.
