WE'RE RAISING THE VIBRATION OF OUR PLANET ONE HAPPY HOUR AT A TIME

After years of spiritual exploration + expansion we know that Joy + Optimism are super powers ! We thrive in joy. By finding the joy in each moment no matter what, Life becomes a magical unfolding of beauty + grace As we practice raising our vibration each day through joy, movement + meditation we're rewiring ourselves to become consistently happy + peaceful, so this is the most beneficial thing we can do everyday. And together – booom – it's even more powerful !

GUEST HOSTS ADD THEIR OWN UNIQUE FLAVOUR TO OUR COCKTAIL OF :

Warm Up Stretching + Shaking (10mins)

Energising Music + Free Movement (20mins)

Appreciation + Intention Setting (10mins)

Beautiful Guided Meditation (15 mins)

Sharing (5mins)

THE RECIPE FOR A BEAUTIFUL LIFE !

STRETCHING + SHAKING helps blocked energy flow through our bodies
FREE MOVEMENT + DANCE raises our vibration and heart rate inviting vitality and wellbeing – we've thrown a few moves in there for building strength and endurance too
APPRECIATION of our abundance feels wonderful and attracts more abundance
INTENTION SETTING sews our lovely seeds in the universal garden. It's important to raise our vibration before we set our intentions because it's our happy feelings (aka vibrations) not our words that water our seeds
MEDITATION helps to still our minds, opening up a space for clarity, peace, wisdom, higher consciousness, intuition + creativity
SHARING lets us know that we're heard, loved + supported

IT'S A FAMILY-FRIENDLY EVENT

£3 per hour for the household. We've kept the cost as low as possible so more people can join us – more the merrier! It's a great way to bring families together each day and encourage exercise in a fun way.

ABOUT GUEST HOSTING

Sonya Rothwell, being a nomadic free-spirit, has spent her life traversing the globe, so she's asked her most infectiously joyful friends, and friends of friends, from all over the world to guest host Happy Hour. Our global magic makers are mostly dance or fitness facilitators, meditation or yoga teachers, but not all are practitioners. Some hosts are actors, DJs or just really fun people who love to dance, and who are confident holding the space for an hour. It's not meant to be perfect or polished, just joyful – we're all in this together. If you'd like to guest host Happy Hour, join our Tribe Beautiful <https://templebeautiful.com/pages/tribebeautiful> and email us at submissions@tribebeautiful.com

IT'S AN ONLINE EVENT WITH ZOOM

Happy Hour is powered by Zoom online video communication platform. Although it's free to create a Zoom account, it's not necessary in order to join Happy Hour. After booking your hour you'll receive an email explaining how to log in. Make sure you input your correct email address. The login email will be sent out 30 minutes before each happy hour at 11.30am BST. Please login to Zoom 15 minutes before your session. Bookings close each day at 11am BST, one hour before start time.

ABOUT

British artist designer Sonya Rothwell has created three 'OM' companies that harmonise together;

TRIBE BEAUTIFUL is a global community of magic makers – conscious co-creators restoring our beautiful world to balance. We're creating an abundant world without borders + labels, where all beings are respected, where nature, animal and man coexist peacefully as we work + play together, sustainably, for the greater good of all. As the Dalai Lama says; "The planet doesn't need more successful people,

it desperately needs more peacemakers, healers, restorers, storytellers and lovers of all kinds.”
