

FROM TRASHED TO TREASURED - A CHRISTMAS GIFT FROM FURNITURE MEDIC

Submitted by: Apples & Pears Marketing

Tuesday, 1 September 2009

Give the gift of life to favourite furniture this Christmas

Does the chaise longue in your sister's chic boudoir need a funky facelift or has your Grandmother's beloved Regency table seen better days? For a unique Christmas gift, Furniture Medic will breathe new life into old furniture with a festive make-over – the perfect present for the person who has it all, an eco-friendly friend or a house-proud loved-one.

Antique heirlooms and favourite pieces of furniture are often well used as well as being well loved. But they can be hard work to care for and look after properly. Furniture Medic will rescue neglected pieces and lift the look of a room simply by working their magic on items of well worn furniture. Surprise a friend or loved-one on Christmas day by having their favourite furniture brought back to life in front of their eyes.

Furniture Medic operates businesses throughout the UK so you should never be far from one of their experts. The Christmas gift service includes free estimate, pick up and delivery, Saturday and evening services.

Choose from the following furniture face-lifts:

- Complete re-upholstery service for fabric and leather
- French polishing
- Wax finishing
- Antique and modern re-finishing
- Stain removal
- Heat and water damage repairs
- Wood veneer repair and re-veneering
- Structural repairs

All jobs are individually quoted on application. To find your local Furniture Medic to work some magic this Christmas, call 0800 021 3071 or log on to www.furnituremedic.co.uk
