John has inspired thousands of individuals from all walks of life to understand and to realize their true potential. Imagine entering the insurance profession and becoming the number one agent in a field of 12,000 throughout North America in just one year.

In 1974, John found his greatest passion – speaking professionally. The legendary Earl Nightingale and his timeless recording “The Strangest Secret” motivated him to make it his life’s work. He later met and joined forces with Bob Proctor and jointly developed and built one of the world’s most popular programs, “Born Rich”.

“Born Rich” has been a part of great companies like Prudential of America, Metropolitan Life, Investors Group, London Life, Bank of Montreal, The National Hockey League, Singapore Airlines and The Great Eastern Life Assurance Company. These are just some of John’s clients that have had sales people, families, and executives use the tools from “Born Rich”.

Co-developing Born Rich and his own programs, “Breaking Through Limitations”, “The Top Performer” and “Building a High Performance Team” has been a passion for over three decades and shows no signs of slowing down.
