Clearswift Appoints Wick Hill Group as UK Master Distributor for MailGuard™ Advanced Email Protection

Submitted by: Eric Leach Marketing

Thursday, 13 December 2001

Clearswift Corporation, a leading provider of Software Solutions for Enterprise Email Management, today announced that it has appointed Wick Hill Group as Master Distributor for the Clearswift MailGuard product in the UK. Wick Hill Group specialises in infrastructure solutions for enabling e-business, handling a product portfolio of 3rd party products in the areas of Web access performance, Web management and Web security.

MailGuard is a software package that provides protection against the threats posed by uncontrolled email. It features an award-winning management interface that simplifies the task of defining and enforcing an effective security policy appropriate to the needs of small to medium sized enterprises, available on MS Windows NT, 2000 and XP platforms.

"We chose Wick Hill Group because it is a well established organisation with a respected reputation in the Security and Internet Management sectors. With over 300 qualified and accredited resellers and no product which competes with MailGuard in its portfolio, Wick Hill was our first choice MailGuard Master Distributor," said Paul Rutherford, Chief Marketing Officer, Clearswift.

"Wick Hill is extremely pleased to have found a partner with a technology

which fits so well within our existing portfolio. Like Wick Hill, Clearswift has been in the industry for over 20 years and this partnership builds on the experience both companies have acquired delivering high quality solutions in this fast changing market. We see real opportunities to grow this market working with our reseller channel," said Ken Ward, Managing Director, Wick Hill.

About Clearswift

Clearswift Corporation is a provider of award-winning Email Management solutions. Clearswift provides organisations worldwide with highly scalable tools for content filtering, message policy enforcement and email security. Clearswift ES (Enterprise Suite) is a portfolio of products for larger enterprises, government organisations and ASPs/ISPs. MailGuard is a streamlined product for small and medium sized enterprises. Mistakes and malice using email can lead to high-profile security breaches, expensive lawsuits and damaged reputations. Clearswift products combat the abuse of the email communications channel, in turn offering protection and peace of mind.

The company is headquartered in Ruscombe, Berkshire, with a Software Laboratory in Welwyn Garden City, Hertfordshire. US headquarters are in Waltham, Massachusetts. Clearswift traded as NET-TEL from 1982 to June 2001.
