

Harvey Maria Wins Gold at National Flooring Innovation Awards 2021

Submitted by: Harvey Maria

Monday, 11 October 2021

Harvey Maria is delighted to announce that their Northmore Collection has been announced as the Gold Winner in the Smooths, Design category of the National Flooring Innovation Awards 2021. The judges explained why Northmore was awarded the best in class - 'A highly decorative Victorian encaustic tile-inspired range that oozes authenticity with patina and heritage colours.'

Mark Findlay, Harvey Maria's Founder comments - "It is absolutely fantastic to have been chosen as the Gold Winner for two years in a row! The whole team at Harvey Maria has been extremely passionate about the success of Northmore, and this award is the result of all of our hard work and ambition."

The Awards recognise everything that is genuinely new, exciting and innovative in the UK flooring industry, especially in what has been a challenging and complex year. Since its launch, the awards scheme has gained immediate respect as a badge of honour to be associated with distinctive products, services and technologies. An independent panel of judges made up of independent flooring industry leaders and commentators select the best in class after detailed research of submitted entries.

Harvey Maria has been creating unique luxury vinyl tiles for over 25 years. All designs are incredibly durable and easy to maintain, providing a waterproof and slip resistant finish. All floors work beautifully in busy homes & demanding commercial spaces alike. To order samples & for more details please visit harveymaria.com
