Homephonechoices.co.uk is delighted to announce that for the third year running it has secured the cheapest stand-alone line rental deal available in the UK, with no additional package costs.

The Primus Home Phone Saver package

(<http://www.homephonechoices.co.uk/article.asp?id=primus-exclusive-line-rental>), which offers free evening and weekend calls to UK landlines and costs £7.99 per month for line rental, will be available exclusively through leading Ofcom-accredited price-comparison site Homephonechoices.co.uk from Monday 22nd November*.

Michael Phillips, product director, Homephonechoices.co.uk commented:

"We are continually striving to get the best deal for consumers and we are delighted to have successfully secured the cheapest line rental (<http://www.homephonechoices.co.uk/article.asp?id=cheaper-line-rental>) deal in the UK. The monthly line rental charge is increasingly being questioned by UK consumers as prices have steadily risen and with Christmas around the corner there has never been a better time to review your monthly outgoings.

Homephonechoices.co.uk offers hints and tips for getting the best line rental deal for you:

1. Pay by direct debit – Nearly all providers discourage payment by any means other than direct debit and impose punitive charges of anything up to £5 per month for dealing with cheques. The Post Office accepts payment by various means with no additional charges.
2. Go for paperless billing – Some providers offer useful savings if you receive your statements online, not by post. You'll also do your bit for the environment.
3. Check your small print – If you're tied to a 12 or 18 month contract, you may be faced with exit fees if you want to switch before the contract term ends. Weight up the savings and charges before making your decision as you may find the savings don't merit the switch.

*Offer ends December 31st 2010. Primus Home Phone Saver is available exclusively through Homephonechoices.co.uk and its partner networks.

About Homephonechoices.co.uk

Homephonechoices.co.uk (<http://www.homephonechoices.co.uk>) was founded in March 2005 and the UK's only Ofcom accredited home phone comparison calculator.

It is the largest UK website offering comparisons of solus line rental and calls packages where consumers can search by postcode to check availability when comparing line rental prices, package costs and pence per minute call charges.

Comparison tables can be sorted and filtered to compare tariffs for calling landlines, mobile networks, and non-geographic numbers (0870 /0845). Each package has detailed supporting information on additional extras like minimum call charges, contract lengths and caller features (1571 / Caller display).

Established online brands including Confused.com, Comparethemarket.com and GoCompare.com rely on Homephonechoices.co.uk to power their homephone comparison services.
