Choose gorgeous gifts (<http://www.rusticangels.co.uk/acatalog/shabby-chic-gifts.html>) for your family that are also perfect for your Shabby Chic décor.

If your home is a haven of shabby chic, French country style serenity you won't welcome the Christmas Day influx of bright, bold, bang-up-to-date latest fad gifts that usually find their way into every family's Christmas Stocking. Newly launched website, rustic angels.co.uk (<http://www.rusticangels.co.uk>) has come up with the answer : thoughtful, fun and original gifts to please everyone in the family, yet all with a touch of shabby chic (<http://www.rusticangels.co.uk/acatalog/shabby-chic-gifts.html>) charm to compliment your home.

Dad (<http://www.rusticangels.co.uk/acatalog/gifts-for-big-boys.html>): A touch of nostalgia is always a winner and these retro mugs (<http://www.rusticangels.co.uk/acatalog/mugs-trays-retro.html>) from Martin Wiscombe (<http://www.rusticangels.co.uk/acatalog/retro-style-homeware.html>) will summon up happy memories of his first car, whilst looking perfect on your distressed country kitchen dresser.

Kids: Little ones love make-believe, and these stunning play houses (<http://www.rusticangels.co.uk/acatalog/playhouses.html>) will transport them to a magical world, whilst adding charm to a corner of yours. From car mechanic (<http://www.rusticangels.co.uk/acatalog/play-tent-garage.html>) to fairytale princess (<http://www.rusticangels.co.uk/acatalog/play-tent-fairy.html>), there is a play tent and accessories that will fit any childhood fantasy.

Teenagers: Help organize a teenage daughter's room with a pretty earring holder (<http://www.rusticangels.co.uk/acatalog/jewellery-holders.html>), cleverly designed to cope with her expansive earring collection. A vintage style journal (http://www.rusticangels.co.uk/acatalog/gorgeous_stationery.html) can hold any secrets she's not prepared to share online, and looks lovely left on your sofa!

Yourself: Plan your own Christmas list (<http://www.rusticangels.co.uk/acatalog/for-her.html>) early and pin it prominently to a charming wire memo board (<http://www.rusticangels.co.uk/acatalog/chalk-memos.html>) in your country style kitchen. An elegant and practical filigree jewellery holder (<http://www.rusticangels.co.uk/acatalog/jewellery-holders.html>) would be ideal to grace your vintage dressing table. Distressed wooden picture frames (<http://www.rusticangels.co.uk/acatalog/photoframes.html>) make a style statement in their own right, made even better with some sepia photos of your loved ones – so they keep up with the shabby chic theme even when they're out of the house!
